## **SL3000UL™ Models**

### **Exceeding expectations for high-traffic applications**

The SL3000UL™ models of slide gate operators are the first choice for heavy-traffic applications and high-demand customers including large development and management companies, prestigious residential gated communities and custom home builders.

Featuring the highest quality components and backed by years of proven reliability, each unit is carefully inspected and mechanically tested to provide unsurpassed performance. Unique engineering innovations ensure that any SL3000UL™ models will meet the needs of almost every type of high-traffic gated entrance. All backed by the safety and reliability of the most advanced control board in the industry.
