Dear Thad:

Congratulations! You have successfully demonstrated the highest ethical and professional standards in our industry, and have shown to be actively engaged for the advancement of the profession. The Blue Ribbon Company designation helps differentiate your company from other companies because you provide a higher standard of business.

A Blue Ribbon Company designation puts you one step ahead of your competitors. AFA provides the following resources to help you get the most out of your Blue Ribbon Company designation:

- You may use the Blue Ribbon Company logo on your business cards, quotes, estimate forms and business website. The electronic logo is attached for your reference.
- Your company will be listed at the top of the Find- A- Contractor (if applicable) service located on the newly redesigned www.americanfenceassociation.com website.

Blue Ribbon Companies must renew every two years based on your date of acceptance. Your next renewal date is 4/18/2019. You must show the necessary requirements based primarily on service to the industry and the AFA over a two-year period to maintain your Blue Ribbon Company status. By receiving this designation, you are pledging to adhere to AFA's Code of Ethics.

Thank you for your support of the AFA and more specifically the Blue Ribbon Company program.
